

*The **Friends of Kohler-Andrae Fund** was created by the Friends of Kohler-Andrae State Park in 2010, to provide an endowment as a permanent source of funding for the park's future educational, interpretive and recreational needs. The fund is administered through the Natural Resources Foundation of Wisconsin, a private, independent, 501 (c) (3) organization, which works to promote the protection and enjoyment of Wisconsin's public lands, water and wildlife. It is our hope that others who utilize the Kohler-Andrae Park and who care deeply about its future health, will contribute to its protection through additional gifts to the Fund.*

The publicly-owned lands at Kohler-Andrae require restoration and continual management in order to improve habitat for common and rare wildlife alike. While funds for public lands management continue to decrease, the needs are ever increasing. Private support is needed to maintain high quality wildlife habitat and recreational opportunities at Kohler-Andrae.
